Indicators for Smart and Sustainable Urban Transportation

Talk by Ashok Datar

organized by

Rachana Sansad's Institute of Environmental Architecture

Date: 22 October 2016, Time: 3:00 – 5:00 pm

Venue: Noshir Talati Auditorium, Rachana Sansad

278 Shankar Ghanekar Marg, Prabhadevi, Mumbai 400025

Ashok Datar is Chairman and founding trustee of Mumbai Environmental Social Network (MESN). He has an M A in Economics from Stanford University and a career in finance and projects spanning more than 25 years with various companies including Garware, Polyster, Coca Cola, and Reliance Industries. He has spent the last 15 years as Chairman MESN, an NGO working on sustainable transportation and waste management. MESN is now recognized as a think tank in traffic and transport management as well as mapping, public spaces, slum improvements in Mumbai. Worked on high court appointed committee for traffic improvements, and currently a member of core committee for Unified Mumbai metropolitan and transport authority among others.

LECTURE IS OPEN TO ALL AND FREE
